Chain-Sys' appMIGRATE™ Solution is Certified by SAP for Data Conversion.... Now available on the SAP App Center

Lansing, Michigan – March, 16, 2017 SAP announced today that the **appMIGRATE™** Solution has been added to the SAP App Center as a Certified Solution. It is an important milestone for Chain-Sys and its Data Management Products division to receive this designation after an extensive review process by SAP.

“The SAP Certification is just another sign of our continued momentum into the SAP marketplace; fully supported by our SAP customers,” said Sundu Rathinam, Chain-Sys Product Architect. “Although our initial SAP Client relationship started several years ago, achieving this official certification is proof of our Solution’s capabilities and our on-going commitment for improvement. Both SAP and our Clients have come to trust **appMIGRATE™** as a fully vetted Solution that will meet the expectations of large and small organizations alike with their complex Data Management challenges.”

Chain-Sys Corporation is a trusted innovator in the SAP software space. Our success is largely attributed to Products, Project/Program Management, Industry & Process Knowledge and In-Depth Experience in the ERP Product Suites.

For more information on the SAP certified **appMIGRATE™** Solution, visit <https://www.sapappcenter.com/p/20407/appmigrate--chain-sys-india-pvt-ltd>.

Please visit www.chainsys.com/appmigrate Or email the Chain-Sys Team at appMIGRATE@chainsys.com

Chain-Sys will exhibit at several upcoming Information Technology Industry Events, including SAPPHIRE NOW & ASUG Annual Conference, May 16-18, 2017 in Orlando, Florida
